# Explaining the Alternative Pro-Life Ballot Initiative.

Launched by medical professionals, the **Protect Women & Children** ballot initiative would amend the Nebraska state constitution to protect babies in the second and third trimesters. Their proposed language states:

“Except when a woman seeks an abortion necessitated by a medical emergency or when the pregnancy results from sexual assault or incest, unborn children shall be protected from abortion in the second and third trimester.”

## Protects Babies

Preborn babies would be constitutionally protected in the second and third trimesters.

The Nebraska Legislature could provide additional protections from abortion for women and babies.

## Greater Protections Possible

## Maintains Current Protections

Legal and health-related safeguards would remain intact to protect women & children from unsafe and coercive abortion practices. These safeguards include informed consent, parental notification, and license & inspection requirements for abortion facilities.

## Can you support this initiative?

Catholics can morally support (sign the petition, volunteer, and vote for) this pro-life measure as a defense against the pro-abortion initiative, understanding and accepting the following:

- + The pro-life initiative does not create a right to abortion.
- + All abortion must be opposed, and direct abortion is never morally acceptable.
- + This is an incremental step toward protection for all innocent life, not a permanent solution or final compromise.

# Explaining the Pro-Abortion Ballot Initiative.

America's largest abortion provider and out-of-state interests are leading an effort to create a **right to late-pregnancy abortion** in the Nebraska Constitution.

Abortion activists, *Protect Our Rights Nebraska*, are gathering signatures to put a right to late-pregnancy abortion on the ballot in November of 2024. Nebraskans need to know how this proposal is dangerous, deceptive, and demeaning, and why it must be opposed.

## 1 DANGEROUS

- ✗ Fifty years of common-sense protections for women and girls against unsafe abortion practices would be eliminated, as illustrated by Michigan after they passed a similar initiative.
- ✗ Teenagers could access abortions without their parents' knowledge.
- ✗ It seeks to embed late-pregnancy abortion into the state constitution, despite evidence showing its high risks and trauma for women and girls.
- ✗ The legislature's ability to enact essential health and safety protections for moms and babies is jeopardized by the phrase "without interference of the state."

## 2 DECEPTIVE

- ✗ The pro-abortion amendment uses purposefully vague and abstract terms to drastically expand abortion in Nebraska.
- ✗ Terms like "viability" can be manipulated by abortionists and are defined so broadly that it will put healthy 2nd & 3rd-trimester babies at risk of being killed by abortion.
- ✗ Even babies who require basic neonatal health care could be categorized by an abortionist as not viable, and be aborted.
- ✗ Nebraska law already allows 1st-trimester abortion and provides exceptions for rape, incest, and the life of the mother, which is supported by over 60% of Nebraskans.

## 3 DEMEANING

- ✗ The abortion industry makes women feel afraid, isolated, and without options. This is at a time when trusted family, friends, churches, and Nebraskans want to support their pregnancy and parenting needs.
- ✗ The amendment is funded by out-of-state special interest groups, including America's largest abortion provider, which stands to profit financially from increased abortions in Nebraska.
- ✗ This proposal will create a culture that incentivizes and expects abortion rather than build a "culture of life" that seeks to fully support pregnant and parenting women, including those in the workplace.
